

24TH WORLD OZONE DAY COMPETITION FOR SCHOOL STUDENTS	
CONTEXT	The world community realizing the adverse effects including skin cancer, eye cataracts, weakening of immune system and damaging crops and natural eco-systems of depletion of Ozone Layer signed an international treaty, the Montreal Protocol on Substances that Deplete the Ozone Layer on 16th September, 1987, for phase out of production and consumption of Ozone Depleting Substances (ODSs) responsible for depletion of ozone layer. Since 1987, the Montreal Protocol has successfully phased-out production and consumption of several ODSs and resulted in reducing abundance of ODSs in the stratosphere and put the Ozone Layer on the path of recovery. The General Assembly of the United Nations vide resolution, 49/114, of December 1994, designated 16 September as the World Ozone Day. Since then, the day has been celebrated in ways that have served to promote national and global efforts to protect the ozone layer. This World Ozone Day offers an opportunity to focus global attention and action on this vital environmental issue. To create greater awareness among the students to protect the Ozone Layer, different competitions for the school students are arranged each year with active participation of the schools.
COMPETITIONS	On the occasion of 24th World Ozone Day three different competitions on the theme 'Protection of the Ozone Layer' for the school students in the age group of 13 to 17 years are being organized.
